

ANDREW PAUL FELTS, President and General Manager of Felts Trailer and Equipment, Inc., of Dothan, Alabama, is shown as he received Certificate from Senator John Sparkman, as the Small Businessman of the Year for Alabama, awarded by the Small Business Administration, presented by Senator John Sparkman of Alabama, Felts is a major distributor of Dorsey Trailers.

Dorsey Distributor Gets Small Business Award

Andrew Paul Felts of Dothan was the proud recipient of the Small Businessman of the Year Award for Alabama made annually by the United States of America Small Business Administration, presented by Senator John Sparkman of Alabama, Felts is a major distributor of Dorsey Trailers.

In selecting the winner of this coveted award, Robert C. Moot, Administrator of Small Business Administration said that it was his feeling that Paul Felts exemplified stidly, graphically and abundantly the imagination, initiative, independence and integrity by which the American Small Businessman makes

a vital contribution to the Nation, the economy and the free enterprise system.

Senator John Sparkman said that he was proud of Paul Felts and of all of the 44,000 small businessmen in Alabama, as well as the contributing factors which have evolved to influence the economic growth of Alabama. Sparkman further stated that he was particularly proud of the success enjoyed by Paul Felts, the winner of this award, Sparkman also said

regional Director of the Birmingham Office said that Paul Felts is one of the most deserving award winners, in that he has carved his personal success from the solid rock of adversity and has with his personal integrity and unswerving determination overcome his obstacles and has built for himself an undeniable success.

Brunson further stated that the economic growth of Alabama is contingent upon the initiative of the leaders on the local level, such as Paul Felts, and that the Birmingham Small Business Administration Office has concentrated on the stimulating the economic growth of the state by holding "grass roots" seminars for small businessmen in all of the counties of the state of Alabama. Paul Felts has an as-

Disabled Widows Can Receive Monthly Benefits

"Disabled widows in this area may now receive monthly benefits based on their husbands' social security record," Harry N. Scott, District Manager of the Dothan Social Security Office, announced.

Mr. Scott said that the 1967 Amendments to the Social Security Act made major changes in the social security program. One of these changes now permits payment of monthly benefits to a widow who is unable to work because of a severe disability and whose husband had worked long enough under social security coverage.

To qualify, Mr. Scott stated, "the widow must be at least 50 years of age and have a physical or mental impairment that prevents her from doing any gainful work."

The amount of the benefit is related to the worker's earnings under social security. A disabled widow who begins receiving benefits before age 62 will receive a reduced benefit. The reduction depends on the age at the time the benefit starts.

Mr. Scott suggests that disabled widows who are between 50 and 60 years of age should contact the social security office to file a claim for social security benefits. The widow should bring evidence of her age, her marriage record, her social security number, and the social security number of her deceased husband. He stated that this information is needed in processing the claim.

The social security office serving this area is located in the Federal Building, 100 West Troy St., Dothan, Alabama. The telephone number is 794-3101. The office is open Monday through Friday from 8:45 a.m. to 5:00 p.m. For those who are unable to come in during the week, the office is also open on Saturdays from 9:00 a.m. to 12:00 noon.

Beef For Father's Day Is Theme Of Cowbelles

"Serve Beef For Father's Day" ... that's what the Alabama Cowbelles and the Cartmen are urging housewives to do this week!

Fathers will receive special attention as the Cowbelles and Cartmen encourage the public to Eat Beef on Father's Day, Sunday, June 16.

The "Beef For Father's Day" program is being staged throughout Alabama in cooperation with local grocery stores, packers, restaurants, hotels and cattle producers to make Beef the traditional dish for Father's Day.

Cooperating with the Cartmen and Cowbelles, Mayors and Judges throughout the State have proclaimed that Beef shall be the traditional dish to be served on Father's Day. More than 400,000 posters, banners, signs, place mats and Beef recipes, have been distributed encouraging the housewife to serve Beef and encouraging the public to Eat Beef on Father's Day.

The Cowbelle slogan "Ask Dad And I'll Say - Let's Have Beef on Father's Day" will be a popular one this week.

Beef cattle is one of the state's largest and most important industries with an annual income of more than 121 million dollars. The Beef For Father's Day Program is sponsored annually by the Alabama Cowbelles and Alabama Cartmen's Association.

The Cross Trails Regional Library Service launched a drive to raise \$33,000 on Monday, June 3. If this amount can be raised the library can have a new home. The City of Opp has pledged \$100.00 and the Alabama Public Library Service will give \$200.00, 60% of total cost of facility. If Cross Trails can raise the \$33,000 to the city of Opp has also donated a three-acre site of land for the facility.

Miss Meighan Is Wed June 7 Miss Warr Receives Degree

Miss Lynn Colquitt Meighan and Joe Hollis Little Jr. were married June 7 in the First Baptist Church of Gadsden.

Dr. Oscar Adams Davis read the nuptial vows.

The bride is the daughter of Mrs. John Herbert Meighan Jr. of Gadsden and the late Mr. Meighan. Mrs. Meighan is the former Louise Tucker of Elba. The bridegroom is the son of Dr. Joe Hollis Little of Mobile and the late Mrs. Little.

Given in marriage by her uncle, Henry Ray Sturkie, the bride wore a formal ivory gown designed with a bodice of re-embroidered Alencon and a full-length train. Her veil was a full-length mantilla of imported Brussels' princess lace and she carried a bouquet of white orchids, roses, and tuberoses.

Miss Mary Spence Meighan was her sister's maid of honor. Other attendants were Mrs. John Starnes of Guntersville, sister of the bridegroom; Miss Margaret Burke Benton of Mobile; Mrs. Hamp Hunter Greene of Birmingham; Mrs. John Kitchen Moore of Lookout Mountain, Tenn.; and Misses Ruth Allison Wells, Eda Dean Frank, Sally Dennis Furse and Margaret Elizabeth Bloch.

MRS. JOE HOLLIS LITTLE JR.

Melissa and Lucy Starnes of Guntersville, nieces of the bridegroom, were flower girls.

Dr. Little was his son's best man. Other attendants were John Herbert Meighan, III, brother of the bride; John Starnes of Guntersville; Eben David Warner of Odessa, Tex.; William

Following the ceremony, the bride's mother entertained with a reception at the Gadsden Country Club.

Dr. Little was host to members of the wedding party and out-of-town guests at a dinner at the Gadsden Country Club following the rehearsal.

Among out-of-town guests at the wedding were Mrs. Guy Folsom, Mrs. Sam Sawyer, Mr. and Mrs. Henry Dorsey, all of Elba; Mrs. Charles Hewes of Dallas, Tex.; and Mr. and Mrs. Frank Prigden of Atlanta, Ga.

Some people's minds are like concrete—all mixed up and set."

Medical authorities agree that self-medication should be restricted to first aid for symptoms of conditions that one can recognize easily. Examples are, a simple cold that does not persist, occasional constipation, simple headaches, minor aches and pains, infrequent indigestion, or minor burns.

But, if symptoms persist, or re-occur frequently, it is dangerous to keep masking them with home remedies. A physician should be visited to diagnose the true causes of any ailment and to treat them for a cure. Treatment at the beginning of any problem is usually more effective and can prevent much future pain.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

D'Aun Wilson Celebrates Birthday With Spend-The-Night Party

D'Aun Wilson, daughter of Mr. and Mrs. Lamar Wilson, celebrated her ninth birthday with a spend-the-night party at her home June 4.

Enjoying the games, cake and grilled hamburgers with the honoree

were: Cindy Lewis, Lynn Whitehurst, Jean Kelley, Jennifer Hudson, Susie Powell, Patty Kelley, Donna Morrow, Kay Bryan, Melanie Ennis, Mr. and Mrs. Lloyd Lewis and Keith, Mr. and Mrs. C. H. Dennis.

PRINCE CHARMING

Do you remember the undivided attention you gave to a story-teller . . . when you first heard Cinderella, Snow White, or some gallant warrior bold? It seems so long ago. And yet, that attention reveals within ourselves more than dreams; it reveals a secret longing after mysteries, after the things we do not understand, but somehow love.

Religion, in a way, is somewhat like that. Everybody is religious! But, of course, everybody doesn't call it that! Nevertheless, there is in the heart of man a secret yearning, a wish, a hope for things eternal. We express those wishes in church.

And somehow God hears our wishes and consoles and explains. That is a very important part of the Church; for it is a place of consolation and understanding, a place where wishes (prayers) are heard, where the mysteries of life gain new meaning.

Local BPW Represented At Workshop

Districts I, II, and III of the Alabama Federation of Business and Professional Women's Clubs held their Madam President Workshop in Montgomery June 9.

In the absence of Louise Julich, state president, Chris Beal, first vice president, presided.

Tentative plans for the year of 1968-1969 were discussed and voted on. The suggested program theme was adopted, "All Systems Go-Units, Share, Act."

Participating members were urged to attend the national convention in Minneapolis, Minn., July 21-25.

Some 80 state officers, past presidents, presidents, and membership chairmen were in attendance.

Elba's club was represented by Mrs. Nellie B. Martin and Mrs. Corinne Lowery.

Fred Clark Addresses Jaycettes

Members of the Jaycettes met at 7:30 p.m. June 6.

Guest speaker for the evening was Fred Clark, vice president of the Elba Exchange Bank, who spoke on "Home Budgeting and Family Financing."

Following his address, dinner was served. Mrs. Dwight Wells, Mrs. Bobby King, Mrs. Charles Ellis, Mrs. Clifton Allen, Mrs. Carl McInnis, Mrs. Wayne Grantham, and Mrs. Earl McCollough were present.

THESE TWO 4-H CLUB MEMBERS, Linda Gayle Hussey, left, and Jeannece Kyser, right, have ample reason to be happy—both of themselves and their club. In addition to bringing double honors to their New Hope Jr. High 4-H Club, they are both winners in the 4-H Safety Essay Contest.

Linda Gayle, daughter of Mr. and Mrs. Yancey Hussey, Jr., 1, Jack, submitted the best girls' essay in the Junior division and Jeannece wrote the winning essay in the Senior girls' division.

The girls are shown with Extension Home Agent, Virginia Sanders, as they look at one of the framed certificates each received.

The 4-H Safety Essay program is sponsored by the Alabama Liquid Petroleum Gas Association.

Widows May Be Entitled To Extra VA Benefits

The Alabama Department of Veterans Affairs is conducting an intensive search to locate certain widows in the State who may be entitled to extra pension benefits from the Veterans Administration, according to a statement released to all county veterans service officers by Walter C. Head, Jr., director of the Department.

Maxwell Reeves, veterans service officer for Coffee County, stated that Director Head has issued instructions to all service officers in Alabama to effect that, "We must intensify our efforts to locate seriously disabled widows on the non-service pension rolls who may qualify for additional benefits and assist them in filing their claims without delay."

Under the program, widows now on the VA's non-service pension rolls who are so disabled as to require the assistance of

PLANNING HIGH YIELDS pounds of either one of Dr. Elton Trueblood, the materials on Runner type peanuts and 750 pounds of corn that is real pretty. I had the pleasure of visiting with him a few days ago and his corn was about waist high then. I know that it is going to take some good rains for him to make top yields and I surely hope that he gets them in time.

Byrd pointed out that around 1910-11-12 there were a number of corn clubs in Coffee County (corn clubs were the forerunners of 4-H Club) and that some of his brothers participated in the program. He said that some years they made high yields of corn by fertilizing heavily and by using manure and by planting a little closer on some of their lower land.

Byrd has fertilized his corn heavy and said that his prospects look as good this year as they did last year when he made over 2 tons per acre.

3-HAMMED HOG - Dr. Bob Terrell, our food science specialist at Auburn, spoke of a 3-hammed hog a few days ago. He pointed out that the average hog today yields 14 1/2 pounds more lean meat—or about the weight of an extra ham—than did the average hog 12 years ago. Terrell also points out that a 10% increase in the amount of lean meat in the amount of lard has Research shows that on resulted from advances in peanuts testing low in cal. breeding and feeding. THE SECRETS OF Selecting Steak

HERE'S WAY TO PICK JUICY, TENDER STEAK

Do you know the secret of selecting a steak that's absolutely delicious and tender?

There's nothing to it if you know something about beef quality and the different cuts.

"Beef varies in quality more than any other kind of meat," says Sara Hutchinson, of the Coffee County Extension Service. "But you don't have to learn to judge beef quality for yourself. USDA grades are reliable guides to tenderness, juiciness, and flavor."

PLANNING HIGH YIELDS pounds of either one of Dr. Elton Trueblood, the materials on Runner type peanuts and 750 pounds of corn that is real pretty. I had the pleasure of visiting with him a few days ago and his corn was about waist high then. I know that it is going to take some good rains for him to make top yields and I surely hope that he gets them in time.

Byrd pointed out that around 1910-11-12 there were a number of corn clubs in Coffee County (corn clubs were the forerunners of 4-H Club) and that some of his brothers participated in the program. He said that some years they made high yields of corn by fertilizing heavily and by using manure and by planting a little closer on some of their lower land.

Byrd has fertilized his corn heavy and said that his prospects look as good this year as they did last year when he made over 2 tons per acre.

3-HAMMED HOG - Dr. Bob Terrell, our food science specialist at Auburn, spoke of a 3-hammed hog a few days ago. He pointed out that the average hog today yields 14 1/2 pounds more lean meat—or about the weight of an extra ham—than did the average hog 12 years ago. Terrell also points out that a 10% increase in the amount of lean meat in the amount of lard has Research shows that on resulted from advances in peanuts testing low in cal. breeding and feeding. THE SECRETS OF Selecting Steak

HERE'S WAY TO PICK JUICY, TENDER STEAK

Do you know the secret of selecting a steak that's absolutely delicious and tender?

There's nothing to it if you know something about beef quality and the different cuts.

"Beef varies in quality more than any other kind of meat," says Sara Hutchinson, of the Coffee County Extension Service. "But you don't have to learn to judge beef quality for yourself. USDA grades are reliable guides to tenderness, juiciness, and flavor."

cattle producers are thinking about the possibility of using silage in their feeding systems. Some recent research from Mississippi feed trials show that silage coupled with other feed essentials gave lower cost gains than any other system. Beef produced per acre of corn using this system ran from 1,000 to 1700 pounds per acre depending on the yield of corn and the gaining ability of the cattle. More and more of our Coffee County dairymen are using silage to increase production and profits.

COUNTY EXTENSION COUNCIL

The County Extension Council is planning to meet Tuesday night, July 9, in Enterprise. The program committee composed of M. J. Sanders, Mrs. Olen Stephens and Mrs. L. B. McCall met sometime back to plan the program.

Council committee members will meet to review accomplishments thus far in the year and will look toward carrying out the remainder of the program during the latter half of the year. The Council is made up of 75 Coffee County leaders representing commodity groups and other organizations in the county. Broym Bryars serves as president.

THAWED FOOD

Occasionally, frozen foods are partially or completely thawed before the homeowner discovers that the freezer is not operating. Partial thawing and refreezing does reduce the quality of foods, particularly meats, vegetables and prepared foods. Fruits are affected less than many other foods.

You may safely refreeze foods that have thawed if they still contain ice crystals or if they are still cold—about 40 degrees—when you thaw them. If the temperature is no longer than one or two days after thawing. Foods warmed to 40 degrees or higher should not be refrozen.

The home gardener is only teasing his plants by sprinkling them. Unless he can stand in one spot long enough to wet the ground to a depth of one or more inches he is not doing the plants any good.

CHILD CARE

Here are three good methods to use when disciplining young children. (1) Instead of saying "stop that," redirect his attention.

USDA to meat packers and others who request it and pay a fee for the service, explains Mrs. Hutchinson. Grades are based on nationally uniform standards of quality.

Each USDA beef grade is a measure of quality. Because beef can vary so much in quality, it takes eight grades to span the range.

Prime grade beef is the ultimate in tenderness, juiciness, and flavor. Choice grade beef has slightly fewer flecks of fat in the lean than Prime, but still is of very high quality. The next grade, Good, pleases thrifty shoppers because it is somewhat

Recent Study Shows Middle-aged Healthy

The old adage that life begins at 40 may be truer than you think. According to a recent study, those facing old age have few qualms.

Almost seven out of every ten persons questioned rated their present health as "good" or "very good." Only six per cent considered themselves in poor health.

More than one-third of those between 45 and 60 admitted that health problems bothered them, either constantly or off and on, and that they had curtailed their usual activities in the past year. The six ailments of highest frequency for all groups were arthritis and rheumatism, high or low blood pressure, digestive ailments, heart trouble, respiratory problems, and skeletal difficulties.

Alabama's Travel Programs Heading For Another Record Year

Alabama's rocketing travel promotion and advertising program is heading toward another record year, travel industry men say.

Motels and hotels in the state are enjoying another season of gain in the ever-increasing number of travelers; the interstate highway system, a mixed blessing to the travel industry membership, has brought drops in attendance at a few travel attractions, but attendance overall is above that of 1967's record year. Travel literature inquiries in the state Bureau of Publicity and Information are counted in the hundreds of thousands. The majority of requests for Alabama travel information are generated by the out-of-state advertising campaign carried out in forty-six national magazines and thirteen out-of-state newspapers in the state's travel markets of the midwest, southwest and the neighboring southern states. Outdoor bulletins appear in the states of Florida, Georgia, Tennessee and Kentucky.

The state's lodging tax gain, part of which is earmarked for the travel promotion and advertising program, is 4.75% above the same fiscal period of October 1-May 31 of 1967. Travel literature requests numbered 312,336 through May, compared with 259,781 of the previous year. "The state's travel bar-

ometers," said Governor Albert P. Brewer, "herald another high mark of progress in having Alabama become known as a terminal vacation area for the millions of out-of-state families each year. 'Hospitality' is more than just a word to southerners; we want our visitors to feel welcome and this can be done with a friendly hello and offers of assistance when needed."

More than 27 million visitors traveled to Alabama in 1967 and spent

more than 265 million dollars for Alabama goods and services. Total sales and receipts of the travel trade amounted to 904 million dollars.

Alabama citizens, too," added Governor Brewer, "contributed to this figure. It can be increased by having a greater number of Alabamians become acquainted with their state."

Martin J. Darity, Director of the Bureau of Publicity and Information, is equally pleased with the

early results of the year's travel program and stated, "Coupled with our in-state promotions the out-of-state efforts add tremendously to the 1968 travel theme of 'Em All About Alabama.' Alabama is fast becoming known as a vacation paradise and the travel industry membership is erasing the faint paths created in earlier years by those who considered it a 'drive through' area on the way to other states."

Another project of the Bureau is the recently completed thirty-minute, color film depicting attractions and events in Alabama, "Alabama Holiday" was over a year in production and will be released for showing in July.

Alabama Electric Has New Substation

Alabama Electric Cooperative Sunday (June 16) energized a new \$65,000 high voltage substation to serve the Opp Utilities Board and the area of the Opp Industrial Park, Manager Basil Thompson announced.

The new substation is the second Alabama Electric substation to serve the growing electrical needs of Opp residents and industries. A 4000-volt, 12.5 KV power which comes into the station to 12.5 KV for distribution on Opp Utilities Board lines.

Meanwhile Opp has completed more than \$45,000 worth of construction of new lines, installation of switches, rebuilding lines and re-insulating older wiring. With the advent of the new substation, Opp will move from a 4 KV distribution to the more modern 12.5 KV system. "We are planning ahead for at least 30 years," said Opp Utilities Board Manager, Ed Wallace.

Cost of the new Opp facilities has been paid for our revenues earned by the city in the operation of the utilities system. Alabama Electric is bearing the full cost of the new substation and according to Manager Basil Thompson, crews have worked overtime to construct the much-needed facility as quickly as possible.

Trade School To Dedicate New Buildings

MacArthur Technical Institute will dedicate recently completed buildings on Sunday, June 23, at 2:00 p. m. Members of Boy Scout Troop 25 will present the colors and lead the pledge of allegiance to the flag. The dedication program will be followed by Open House at which time the public is invited to visit the fifteen departments of the school.

Dr. Ernest Stone, State Superintendent of Education, will make the dedicatory address. He will be introduced by Supt. Vernon L. St. John, Pres. of the Ala. Education Association. Mayor Ned Moore will be the guest of honor. The ceremony will be held at 2:00 p. m. Tuesday afternoon, Councilman Ray Trammell qualified for re-election in Ward 4. No other candidates had qualified at press time.

New Brockton Church Plans Homecoming

The Old Tabernacle United Methodist Church, located 15 miles north of Enterprise on #31, extends an invitation to all for the annual homecoming, Sunday, June 23rd.

The Reverend Charles Hildreth, who entered the Ministry from this church and is now a District Superintendent of the Alabama-West Florida Conference of the United Methodist Church will bring the morning message.

All are invited to remain for dinner on the grounds.

THREE POLICEMEN HIRED BY ELBA DEPARTMENT

The Elba City Council hired three new policemen at their regular meeting Monday night. They are, Vester L. Gilley, Laney O. Meeks and C. W. Parker. This brings the police department back up to eight men and each will work an eight hour shift.

The public is invited.
